JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 31 May 1962

25X1 1. [] Mr. Warner and Mr. Bress met with Representative George Mahon at his request. Apparently the Chairman, Mr. Cannon, had requested Mr. Mahon to []

[] figures were furnished to Mr. Mahon. Apparently he wished no other information. Mr. Mahon did indicate that he and Mr. Ford were to meet with Mr. Cannon on this matter and having in mind our concern about the status of our budget, []

25X1 [] He also indicated that, of course, if the Senate gave us our full request there would have to be a final resolution. I think it obvious that Mr. Mahon for himself and speaking for Mr. Ford would authorize us the full request without restriction. He stated the requirement of clearing out of the reserve for the disallowed items by the Committee was inappropriate. It was indicated to Mr. Mahon that the Director hoped to meet with Mr. Cannon upon his return from the Far East and report to him at that time on his trip at which time, of course, the budget could be brought up.

25X1 2. [] Met with Mr. Boyd Crawford and Mr. Albert Westphal, House Foreign Affairs Committee Staff, concerning the letter of May 23 to [] and signed by Representative Lindley Beckworth (D. - Tex.). Mr. Crawford indicated that the letter had not been handled by Committee Staff, but rather that the Chairman, Dr. Morgan, had also received a similar letter from Mr. Beckworth concerning the Geneva disarmament proposal.
